Louise Avenue will fully close to traffic Friday morning (May 11th) to allow work to begin on the south half of Louise Avenue.

Madison Street is fully closed to traffic from Louise Avenue to Helen Avenue. East and Westbound traffic will use 12th Street as their primary route.

Progress to Date:

- Water Main and Storm Drainage installation work on Madison Street.
- Rock excavation is required to install both the Water Main and Storm Drainage.
- Grading on driveway at Concrete Materials Ready Mix Plant.
- Construction of Storm Drainage Intake and Junction Box Structures along Madison Street.

Upcoming work:

- Concrete pavement at the Concrete Materials driveway on Madison Street.
- Temporary railroad track removal on Louise Avenue Friday, to allow for the installation of Storm Drainage and Water Main casing pipe underneath railroad crossing.
- Continue Water Main and Storm Drainage work and rock excavation on Madison Street.
- Construction of Storm Drainage Intake Structures along Madison Street.
- Epoxy coating on existing Madison Street bridge deck.
